

THE ROAD TO CLEANUP

Sponsored By:
POWER Action Group

Tuesday, July 29th
6:00pm to 7:30pm

T.C. Roberson
High School Auditorium

Community Townhall Meeting About The Contaminated CTS Site & The Cleanup Process

Where: T.C. Roberson High School Auditorium

When: Tuesday, July 29th, 2014
6:00pm to 7:30pm

Why: “The Road to Cleanup,” will provide the latest technical information on the contamination at the CTS site, outline steps necessary for immediate cleanup action, and allow a forum for residents to ask questions of third-party technical experts and the EPA.

Who: The meeting is sponsored by POWER Action Group and will have technical experts, local government and EPA officials on hand to present and answer your questions.

Long Shoals Road **MAY** be under construction on the evening of the 29th. If so, please use the TC Roberson entrance off of **Springside Road** for this event.

Sponsored By POWER Action Group

Protecting Our Water and Environmental Resources (POWER) is a community group using the principles of environmental justice to push for a full-scale cleanup of the CTS of Asheville Superfund Site.

Presenters

Frank Anatasi, P.G.
Principal of SCA Assoc.

Technical Advisor For POWER

Will present his analysis of recent testing at the site and explain the urgency for EPA to take immediate cleanup action

Gibbie Harris
Buncombe County
Health Director

Will speak on the county's extension of water lines into the area surrounding CTS
